1 TOP OPZIONALE SUPERIORE- INFERIORE – SP. 6 MM/14MM
UPPER/BOTTOM OPTIONAL TOP - THK. 6 MM/14MM

Il top aggiuntivo di finitura è elemento opzionale. Inserito all'interno del vassoio superiore completa la madia attribuendole un design più ricercato ed un dettaglio di qualità. Pietra e Vetri le finiture applicabili a scelta del cliente.
The additional finishing top is an optional element. Put inside the upper tray, it completes the sideboard, giving to it a more refined design and a quality detail. Stone and glass finishes applicable to customer choice.

2 CASSA INTERNA – SP. 22 MM
INTERNAL CASE - SP. 22 MM

Cassa strutturale caratterizzata da fondo, schiene, tramezzi e cappelli. I ripiani interni in vetro, suddividono gli spazi.
Structural case characterized by bottom and top shelves, back panels and partitions. The shrinkage top shelves in relation to the upper refined top (110 mm) are a support for this last one as well as a structural support for the general stability of the sideboard. The internal glass shelves divide the spaces.

3 SCHIENA INVOLUCRO ESTERNO – SP. 14 MM
EXTERNAL CASING BACK - SP. 14 MM

La madia Gold retrofinita presenta un pannello di finitura, applicato alle schiene interne, che completa l'involucro esterno della madia e chiude sul retro il vassoio superiore.
The back refined/double sided Gold sideboard has a refined external panel, applied to the internal back panels, which completes the external skin of the sideboard and closes, on the back, the upper tray.

4 FIANCO INVOLUCRO ESTERNO – SP. 40 MM
EXTERNAL CASING SIDE - SP. 40 MM

Fianco esterno strutturale con forma trapezoidale realizzato su base Mdf con bisellature realizzate in corrispondenza degli spigoli. Il fianco collabora con i frontali e la schiena nel dar forma al vassoio superiore.
Structural external side with trapezoidal shape made on an MDF base with bevels made in correspondence of the edges lines. The side works with the doors and the back panel to allow the sideboard to create the upper tray.

5 FRONTALI BATTENTI/CASSETTO - SP. 14 MM
HINGED DOORS/DRAWERS - THK. 14MM

Frontali per ante battenti e cassetti realizzati su base Mdf e dotati di bisellature a passo variabile. Le ante battenti ed il cassetto alto presentano presa superiore utile all'apertura, mentre il cassetto in basso è gestito con meccanismo push pull.
Hinged doors and drawers made on the MDF base and with variable pitch bevels. The hinged doors and the upper drawer have an upper grip useful to open them, while the lower drawer has always push pull system.

6 BASAMENTO OPZIONALE – SP. 14 MM - SP. 14+6 (PIETRA)
OPTIONAL BASEBOARD - THK. 14 MM - THK. 14+6 (STONE)

Basamento a terra di collegamento strutturale dei fianchi esterni oltre che elemento caratteristico del design della madia. Il basamento può essere rivestito con un top di finitura opzionale in abbinamento con il top superiore. Il basamento è dotato di piedini regolabili.
Baseboard on the floor thought as structural connection of the external sides as well as a characteristic element of the sideboard's design. The baseboard can be covered with an optional finishing top matching the upper optional top. The baseboard is equipped with adjustable feet.

NOTE | NOTES

ILLUMINAZIONE | LIGHTING

illuminazione opzionale. I LED presenti, internamente, integrati sul cappello strutturale, esternamente inseriti al di sotto del fondo ed all'interno dei vani a giorno, presentano pulsante ON/OFF generale per l'accensione e lo spegnimento dell'illuminazione fissato sul fianco. Inoltre le barre led interne sono dotate di pulsante di accensione e spegnimento integrato alle barre stesse per una gestione indipendente dell'illuminazione a vista e nascosta.

Optional lighting. The optional LEDs, internally integrated on the structural top shelf, externally inserted below the bottom shelf and inside the open units, have a general ON/OFF button to switch the lighting, fixed on the side. In addition to it, the internal LED bars are equipped with an ON/OFF button directly integrated on the bars for independent management of visible and hidden lighting.

AL FINE DI CONSENTIRE UNA OTTIMALE MANUTENZIONE E CONSERVAZIONE DEL PRODOTTO, RIPORTIAMO QUI DI SEGUITO ALCUNE UTILI INDICAZIONI.

TO ALLOW AN OPTIMAL MAINTENANCE AND STORAGE OF THE PRODUCT, HERE BELOW SOME USEFUL INFORMATION.

PULIZIA DI SUPERFICI IN GENERE

Utilizzare un panno morbido (eventualmente inumidito).
Si raccomanda di non usare per nessuno motivo prodotti abrasivi, solventi, diluenti, alcool o prodotti corrosivi.
Non lasciare panni bagnati a contatto le superfici.

SURFACE CLEANING IN GENERAL

Use a soft cloth (possibly dampened). It is recommended not to use abrasive products, solvents, thinners, alcohol or corrosive products for any reason. Do not leave wet cloth in contact with the surfaces.

VARIAZIONI DI TONALITÀ E COLORE

L'uniformità cromatica dei colori laccati e degli impiallacciati può variare nel tempo quindi, in caso di completamenti, una eventuale differenza di tonalità non costituisce motivo di contestazione. È consigliabile inoltre posizionare i mobili lontano da forti fonti di calore e dalla luce solare diretta.

VARIATIONS OF TONE AND COLORS

The color uniformity of lacquered and veneers may vary over time so, if completed, a possible difference in shades does not constitute grounds for controversy. It is also advisable to place the furniture away from strong heat sources and from direct sunlight.

PULIZIA DEI VETRI

Utilizzare un panno morbido con detergente per vetri.
Si raccomanda di non usare per nessun motivo prodotti abrasivi, solventi, diluenti, alcool o prodotti corrosivi.

GLASSES CLEANING

Use a soft cloth with glass cleaner. It is recommended not to use abrasive products, solvents, thinners, alcohol or corrosive products for any reason.

ATTREZZATURE ELETTRICHE INTERNE

Sono tutti forniti con marcatura "CE" che ne attesta la conformità alle direttive CEE (CEE 72/23, CEE 89/336), di marcatura "ETL" (Electrical Testing Laboratories) certificazione necessaria per i prodotti commercializzati su territorio nord americano, indicatore di conformità del prodotto alla stretta normativa di sicurezza vigente sul territorio.
Inoltre risultano conformi alle normative CEI in materia di sicurezza elettrica (CEI 34-21 e EN 60598.1).

INTERNAL ELECTRICAL EQUIPMENT

All are provided with "CE" marking that conforms to the EEC (EEC 72/23, EEC 89/336), "ETL" (Electrical Testing Laboratories) certification required for products marketed in North America, indicator of product conformity to the strict safety regulations in force on the territory. They also comply with CEI regulations on electrical safety (CEI 34-21 and EN 60598.1).
